### Day 3 to 6

The next 4 days we will stick to a similar schedule. Diving, eating, sleeping and repeating. Sounds easy right? We will prepare to make three dives per day, each with at least a two hour surface interval which will include night dives at the sites which this is permitted.

### Day 7

It's now the end of the week and time to head back to the marina. But don't worry, we will still dive this day. We start with the morning dive, followed by a second dive as we move closer to Port Ghalib. Arriving at the marina in the afternoon give you the time to explore the local area. Snacks and dinner we have the last evening on board.

### Day 8 - 26/7
